BINMAXX OPTIMISES FEL ROUTE PROFITABILITY

BinMaxx
Front Loader Scale

- Provides commercial bin weights
- Arm mounted for durability
- Dynamic "weigh-in-motion"
- Ability to store up to 1000 lifts
- Compatible with on-board computers
- Optional printer

BinMaxx Cloud Front Loader Scale - Cloud Based Software

- Free! No subscription cost
- Access data easily and securely
- Login from any computer or smart device
- View customer information and pickup locations
- Manage pickup fees and expected charges
- Download detailed lift reports as spreadsheets and PDF

Secure data upload to the Cloud takes place behind the scenes. Your front loader scale data will automatically upload to the cloud as soon as it is within about 300 meters of the yard.

This cloud based storage system is a cost-effective, hassle free solution for you to better manage productivity and profitability.
